

Continuing Education for Educators

Distance Learning at Your Fingertips
*Convenient *Relevant *Affordable

Coastal Plains RESA & Virtual Education Software, inc. have
partnered to offer you convenient, affordable, and relevant
continuing education courses completed online or via CD-ROM.

Three PLUs

\$185

Advanced Classroom Management SD050148 *Children as Change Agents*

This course focuses on cognitive and cognitive-behavior interventions with an emphasis on teaching students how to change and manage their own behavior.

Attention Deficit Disorder SD030013 *Information & Interventions for Effective Teaching*

This course covers the history of ADD, methods for identifying students with the disorder, and information about medications and strategies that are currently used in treatment.

Autism & Asperger's Disorder SD030014 *Information & Effective Intervention Strategies*

This course describes characteristics of these disorders, associated learning styles, communication weaknesses, and various intervention strategies, teaching you to enhance more appropriate behavior.

Child Abuse SD030102 *Working with Abused & Neglected Children*

This course teaches you to recognize the signs of physical, emotional and sexual abuse, as well as physical and emotional neglect in students.

Drugs & Alcohol in Schools SD030017 *Understanding Substance Use & Abuse*

This course increases understanding of what students may be experiencing through their own substance use or that of those close to them and provides information

about the complex biological, psychological, and social dynamics that comprise the disease of addiction.

Educational Assessment PL080244 *Assessing Student Learning in the Classroom*

This course is designed to further develop the conceptual and technical skills to help teachers identify educational goals, and implement meaningful instructional strategies for effective learning by students with special needs.

Inclusion SD030086 *Working with Students with Special Needs in General Education Classrooms*

This course is designed to help special and general educators gain a better understanding of educating students with disabilities in the general education classrooms, in addition to helping them identify their roles in providing special services to students in inclusive classrooms.

Talented & Gifted SD030087 *Working with High Achievers*

This course provides information on assessing, referring, and educating talented and gifted children, addressing their unique academic and affective characteristics, as well as providing a historical overview and listing additional resources.

Teaching Diversity PL080245 *Influences & Issues in the Classroom*

This course is designed to help classroom teachers, school counselors, and other educational personnel gain strategies to reach and teach students who have been affected by stress, trauma, and/or violence.

Teaching Elementary Math Conceptually PL20120007

A New Paradigm

This course is designed to expand your methodology for teaching Mathematics. The course will explore an innovative teaching model that incorporates strategies for teaching concepts constructively and contextually.

Traumatized Child SD040122

The Effects of Stress, Trauma & Violence on Student Learning

This course will help you identify and effectively teach those students affected by stress, trauma, and/or violence. Working with parents and community agencies is emphasized.

Violence in Schools SD030021

Identification, Prevention & Intervention Strategies

This course is designed to give you a better understanding of school violence and the factors behind it. You will also learn specific strategies and interventions to minimize the occurrence of violence in a school and community.

Behavior is Language SD030015

Strategies for Managing Disruptive Behavior

This course provides a developmental framework to help you understand what students are trying to tell you though the “language” of their behavior, along with effective tools to facilitate positive student change.

Learning Disabilities SD030020

Practical Information for the Classroom Teacher

This course covers appropriate assessment and evaluation of LD students, as well as the planning and implementation of effective strategies to use with these students and their parents.

Understanding Aggression SD030088

Coping with Aggressive Behavior in the Classroom

The course helps school personnel become more aware of the causes of aggression, its manifestation in gangs, TV, sports and drugs, and ways to evaluate aggression and intervene before it turns to violence in the schools.
